Getting to know your Mobile Hotspot

Power key: Hold the Power key for 3 seconds to power device on/off.

WPS key: Hold the WPS key for 3 seconds to activate the WPS function. Once activated, the Wi-Fi LED indicator will flash every two seconds. If the network is not accessed within 2 minutes, the device will automatically exit WPS (Wi-Fi Protected Setup) mode.

LED indicators: Display network signal, Wi-Fi, battery charge and mobile data status.

USB port: Use the USB port to charge your device via the USB cable.

On-Screen Indicators

ᵃ⁣ᵢᵢᵢ	**Network:**	Displays your current network status. Green light indicates good network connection; yellow light indicates poor network connection; red light indicates no network connection, no SIM card, or no service.
🛜	**Wi-Fi:**	Indicates when Wi-Fi is connected.
🔋	**Battery:**	Displays your current battery status. Solid green light indicates the battery level is 40%-100%, solid yellow light indicates the battery level is 16%-39%, and solid red light indicates the battery level is less than 15%; when the device is charging, the indicator will flash red when the battery level is below 15%, will flash yellow when the battery level is 16%-39%, and will flash green when the battery level is 40%-100%.
⥮	**Data:**	Display when your device is communicating with mobile data network.

Charging Your Mobile Hotspot

1. Connect the micro USB end of the USB cable to the USB port on your device.
2. Connect the other end to the travel adapter.
3. Connect the travel adapter to an electrical outlet to fully charge your device.

Connecting Your Wi-Fi device to Hotspot

1. Power on your mobile hotspot.
2. On your computer or other Wi-Fi enabled device, search for available Wi-Fi networks and select network name on the back of your mobile hotspot.
   - From a Windows computer: Left-click **Wireless Network Connection** on the task bar to view available networks.
   - From a Mac computer: Select **System Preferences > Network**.
   - From an iOS device: Go to **Settings > Wi-Fi**.
   - From an Android device: Go to **Settings > Wi-Fi**.
3. Enter the password located on the label on back panel of hotspot and click **OK**.
