

How to borrow and deliver Kindle Books:

Step 1: Open your library's digital collection at <https://elibrarynj.overdrive.com/>.

Step 2: Find a Kindle Book to borrow. You can see all of your library's Kindle Books by selecting the **Kindle Books** link near the top of the site (or under  on mobile devices).

Note: You may want to go to <https://help.overdrive.com/> to check whether a Kindle Book has any device restrictions before you borrow it (this is most common for picture books, read-alongs, and graphic novels).

Step 3: Select **Borrow**. If prompted, sign into your library.

Step 4: Choose a lending period for the title (if available). Then, select **Borrow** again.

Step 5: After you borrow the title, select **Read now with Kindle**.

Read now with **kindle**

Step 6: You'll be taken to Amazon's website to finish getting the ebook.

Note: You must complete this step for the book you borrowed to appear in the "Your Content and Devices" list in your Amazon account. If the book doesn't appear in this list, you won't be able to download it on any device.

- If you're signed into your Amazon account, verify the "Deliver to:" device and select **Get Library Book**.
- If you're not signed into your Amazon account, select **Get Library Book**, and sign in.

Your Kindle ereader needs a Wi-Fi connection to download library Kindle Books from Amazon. If you don't have a Wi-Fi connection, you'll need to transfer the title via USB.

Once a book is on your Kindle device or reading app, you can read it just like any other Kindle Book. For specific help reading on your device (like how to change the font or save a bookmark), visit [Amazon Device Support](#).

If you want to read the ebook on a different Kindle device or app, you can deliver it again from Amazon's website during the lending period.

If you need more help with borrowing and delivering books to Kindle call the Information Desk at 908-273-0350 ext. 3 or email us at reference@summitlibrary.org Happy reading!
